ABOUT OUR COMPANY

Welcome to Spike Optical, where style meets precision in the world of sunglass manufacturing. As a premier innovator in the industry, we take pride in crafting high-quality, fashion-forward sunglasses that not only elevate your look but also provide unparalleled protection and comfort for your eyes.

Our journey began with a vision to redefine the sunglasses market by offering a diverse range of styles that cater to various tastes and preferences. From classic designs to avant-garde frames, our collections are crafted using premium materials and cutting-edge manufacturing techniques, ensuring durability without compromising on aesthetics. Our goal is to create sunglasses that not only make you look good but also contribute positively to a greener planet. Formally established in Dec 1995.

Our Mission

"At Spike Optical, our mission is to redefine the sunglasses industry by blending cutting-edge design, superior craftsmanship, and advanced technology to create stylish eyewear that not only reflects personal style but also ensures optimal eye protection. We are dedicated to offering a diverse range of high-quality sunglasses that not only enhance our customers' visual experience but also inspire confidence and promote an active, fashionable lifestyle.

Our Vision

"At Spike Optical, our vision is to lead the sunglasses industry as a global trendsetter in eyewear innovation, design, and eye protection. We aspire to set the standard for stylish, functional sunglasses that not only complement diverse lifestyles but also prioritize eye health and comfort.

We envision a future where our sunglasses seamlessly blend fashion-forward aesthetics with cutting-edge technology, offering an extensive array of designs that cater to every individual's unique taste and needs. Our commitment to innovation drives us to constantly explore new horizons, pioneering advancements that revolutionize how people perceive and protect their eyes.
